

HOME VISITS

After a referral from fellow police officers, community partners, social workers or residents, members of the Senior Safety Team will visit seniors in their homes. These visits are invaluable for seniors coping with mental or physical health issues, seniors victimized by crime or those wanting more information on personal safety.

During home visits, members of York Regional Police will refer seniors to appropriate community support agencies, address safety concerns and teach seniors how to increase their own safety and prevent crime. Issues include:

- Personal safety
- Internet and home safety
- Fraud/scam awareness
- Crime prevention
- Elder abuse
